### President's Message

#### ANNUAL CONFERENCE

March 31 - April 1, 1977

BIRMINGHAM HYATT HOUSE

The time for our annual conference is rapidly approaching. I believe this year we will have one of the outstanding conferences available to Alabama's junior college personnel. The speaker for our first general session will be Dr. Terry O'Banion, Director of the League for Innovations in the Community College at UCLA. The speaker at our banquet session will be Dr. Ed Gleazer, President of the American Association of Community and Junior Colleges. These two featured speakers are two of the best known and best informed junior college spokesmen in this country today.

I hope that all personnel of all junior colleges will make every effort to be at this year's annual conference. We are planning for more than twelve hundred people.

Included in this Newsletter is a tentative program. As you look over this program, I believe you will agree with me that we have an outstanding program in every respect. We have the full cooperation of our State Board of Education, our State Superintendent, Dr. Wayne Teague, and the Director of the Division of Post-Secondary Education, Dr. Joe Miller. # SPRING FEVER

## When you need music ....

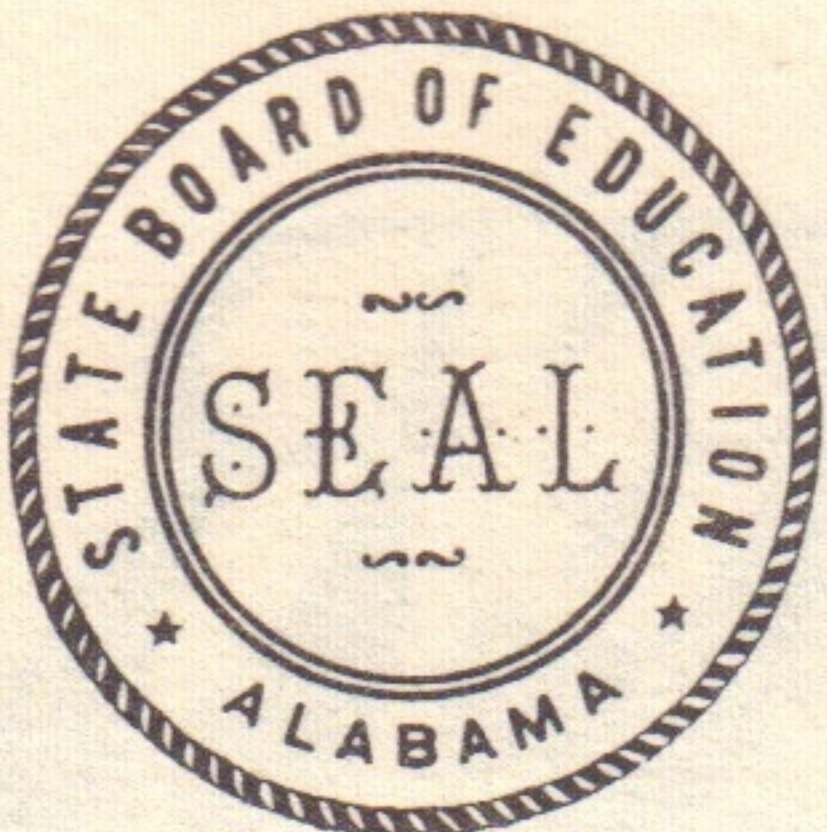

Try "Spring Fever". They have been entertaining people around Alabama for several years, appearing at **private parties**, dances country clubs, and numerous other gatherings.

Lead guitar and electric piano are played by Roger Myers, rhythm guitar is handled by Robert Lowery, with Mike Sims on bass guitar, and Steve Knighten on drums. Each member is also capable of singing lead, making Spring Fever a very versatile group.

Their material ranges from the Rock 'n' Roll of the 50's to today's Top 40, from easy listening to modern country with a few selections of their own.

So loosen up those tired limbs and come alive with the sounds of **Spring Fever**.

Subject: The 1977 Convention of the Alabama Junior  
and Community College Association

The 1977 convention of the Alabama Junior and Community College Association will be held in Birmingham, Alabama, March 31 - April 1. In the near future, each of you will be receiving detailed information concerning this important meeting.

I have met with several members of the Executive Committee of your association and I am most impressed with the excellent program which is being planned. Two outstanding speakers, Dr. Edmund J. Gleazer, Jr., President of the American Association of Junior and Community Colleges and (2) Dr. Terry O'Banion, Executive Director for the League for Innovation in the Community College (a national consortium comprised of forty-eight colleges in eleven states) will participate in the program of this convention. These professional educators who have contributed so much to the concept of community college education in our nation should have a great deal to offer each one of us. The group sessions also have been well planned and should provide specific topics of interest to each person within the junior college framework. I hope that each one of you will make plans to attend this convention in Birmingham.

# "Hotel" Pre-Registration

In an attempt to speed up the hotel registration procedure at this year's Convention, the reservation form sent to the Hyatt House can also serve as pre-registration for rooms. Upon their receipt of the printed form (card), a room will be assigned. A special table will be set up in the lobby on March 31 between 9 a.m. and 1 p.m. Pre-registered guests may pick up room keys at this table and go directly to their rooms without the necessity of completing registration forms or going through a bellman to receive a room key. However, it is important that the Hyatt House know the anticipated time of arrival.

Persons planning to share a room must pre-register together. Each person must complete the registration card which is printed on the next page of this NEWSLETTER. All cards should then be sent to the Hyatt House together, making it clear who will pick up the keys for the group and will be responsible for paying for the room.

Your pre-registration and early arrival will not only facilitate matters for you, but will also be a great help to both the hotel and your Registration Committee. If it is impossible for you to arrive before 1 o'clock, completion of the reservation card will still somewhat simplify your registration at the Hyatt House.
